Summer festival season is still a ways off, but it feels much closer now that the [Sasquatch! Music Festival](#) has unveiled its downright impressive lineup.

Taking place over Memorial Day Weekend (May 29 through 31) up at the [Gorge Amphitheater](#), the festival boasts arguably the strongest lineup of its eight-year history with headliners like [My Morning Jacket](#)

,
[Pavement](#)

,
[Vampire Weekend](#)

,
[MGMT](#)

and plenty others, like

[The Hold Steady](#)

, for one.

Once again, the lineup is intentionally elective, but indie rock does, for the most part, dominate the slate. There's also a nice contingent of folk rockers, including [The Low Anthem](#), [Dr. Dog](#) and

[Mumford & Sons](#)

. There's not much on the lineup for hip-hop fans, other than, well,

[Public Enemy](#)

!

[Kid Cudi](#)

is there too.

Visit the [Sasquatch! Music Festival](#) website for ticketing info. Single day tickets are available.

Here's the complete lineup:

My Morning Jacket

Massive Attack

Pavement

Ween
