**UPDATE (3/31) This show has been canceled. Yes, that's a bummer.**

I've been hearing quite a bit about a band called [the Mother Hips](#) lately and how their roots rock attack is blowing up on the West Coast right now. Well, wouldn't you know it if an e-mail came across my electronic desk this morning announcing that the Mother Hips **would be playing in Bend.**

The show is slated for **April 15 for Mountain's Edge Bar** (what isn't going on there lately?) and is part of a tour supporting the Mother Hips' record

[\*Pacific Dust\*](#)

, which was released last year.

The band has an ever-growing following, much of it originating within the ranks of the **jam band community**

, and make sure you click over to the Mother Hips website to check out their classic-rock-inspired sound. Or, just click below. Whatever you'd like.
